

# Extras cover Simple Options

## Simple Options is our great-value Extras cover that offers a percentage back on the services included.

**It's ideal for singles, couples and families looking for a value packed cover that offers major and general dental, optical, podiatry consultations, pharmacy, chiro, physio, osteo, healthy lifestyle (like gym memberships) and ambulance services.**

Read on for a detailed overview of all the services included on Simple Options. You'll also find more general information on our health insurance products and HIF Extras cover in our Health Cover Guide ([hif.com.au/guide](http://hif.com.au/guide)).

### **Are you covered for ambulance services?**

Absolutely. And there's no limit to the number of emergency ambulance services you can use.

If you're taken to a hospital emergency department for urgent treatment, we'll cover 100% of the charge. If it's a non-urgent ambulance service, a \$50 co-payment will apply.

That's great value when you consider Medicare doesn't cover urgent ambulance transport, which can often cost over \$900!

Some ambulance services aren't covered though, while in other circumstances some state governments provide subsidies for ambulance assistance. Check out page 15 in our Health Cover Guide for full details.

### **Understanding annual limits**

### What are waiting periods?

All health funds have to apply waiting periods. It's the only way we can protect our community of loyal Members from people who would otherwise join our fund to claim large amounts, then leave.

That said, we try to keep waiting periods to a minimum. That's why, if you switch to us from another health fund, we'll honour any waiting periods already served with your previous insurer. You'll find all our Extras waiting periods in the following benefit table.

Please refer to our Health Cover Guide for more info on these state schemes or contact us for further details.
