

Extras Cover Premium Options

Here it is, our top Extras health cover. Premium Options has it all.

It's big on everyday healthcare services, covering all the essentials like dental, chiro, physio, osteo and optical, as well as other services like orthoptics (eye therapy), occupational therapy, speech therapy and hearing aids. It also gives you larger benefits and higher annual limits all round. Plus, you can access our 'HIF Second Opinion' service, so you can get a second opinion on any diagnosis, condition or treatment plan.

Read on for a detailed overview of all the services included on Premium Options. You'll also find more general information on our health insurance products, inclusions and limits on HIF Extras cover in our Health Cover Guide (hif.com.au/guide).

Are you covered for ambulance services?

Absolutely. And there's no limit to the number of emergency ambulance services you use.

If you're taken to a hospital emergency department for urgent treatment, we'll cover 100% of the charge. If it's a non-urgent ambulance service, a \$50 co-payment per trip will apply.

That's great value when you consider Medicare doesn't cover urgent ambulance transport, which can often cost over \$900!

Some ambulance services aren't covered though, while in other circumstances some state governments provide subsidies for ambulance assistance. Check out our Health Cover Guide for full details.

Understanding annual limits

Like most Extras health covers, there are annual limits (a limit on how much we will pay towards your claims) for most services under Premium Options. These annual limits reset to the full amount on January 1 each year.

We'll also increase your annual limits on a number of services. For example, major dental benefits increase each year for the first five years of membership. Likewise, benefits and annual limits for osteo, chiro and complementary therapies will increase after three years of membership, while benefits for optical, hearing aids, speech therapy, physio and occupational therapy increase after five years.

What are waiting periods?

All health funds have to apply waiting periods. It's the only way we can protect our community of loyal members from people who would otherwise join our fund to claim large amounts, then leave.

That said, we try to keep waiting periods to a minimum. That's why, if you switch to us from another health fund, we'll honour any waiting periods already served with your previous insurer on an equivalent level of cover. You'll find all our Extras waiting periods in the following benefit table.

Please refer to our Health Cover Guide for more info on these state schemes or contact us for further details.
