* You may not be able to claim benefits for services performed with another item in the same course of treatment. That's why, if you're planning dental treatment, we always recommend calling us on 1300 13 40 60 prior to treatment to confirm that you'll be covered.

Understanding ambulance cover

If you need urgent ambulance transport, you can claim 50% of the bill, up to the maximum annual limit of \$800 per person. That's great value when you consider Medicare doesn't cover urgent ambulance transport, which can cost over \$900!

How much can you claim?

With a combined annual limit of \$800 per person, per year, Vital Options gives you complete freedom to choose how you use your limit.

Whether it's for a quick check-up at the dentist or a couple of visits to your chiropractor, you can choose the services you'd like to use and we'll pay back 50% on each service until you reach your maximum annual limit of \$800.

For example, you can claim up to \$800 on dental services each year, or you can split your limit across more of the services covered by Vital Options - say \$250 on dental, \$400 on osteo and \$150 on chiro. It's totally up to you.
