Extras Cover
Super Options

Super Options is a popular Extras cover option.

It has practically everything you could wish for – major dental, chiro, physio, optical, gym memberships and ambulance to name just a few. Plus, it covers a host of other health services like psychology, orthotics and speech therapy.

Read on for a detailed overview of all the services included on Super Options. You'll also find more general information on our health insurance products, inclusions and limits on HIF Extras cover in our Health Cover Guide (hif.com.au/guide).

Are you covered for ambulance services?

Absolutely. And there's no limit to the number of emergency ambulance services you use.

If you're taken to a hospital emergency department for urgent treatment, we'll cover 100% of the charge. If it's a non-urgent ambulance service, a \$50 co-payment per trip will apply.

That's great value when you consider Medicare doesn't cover urgent ambulance transport, which can often cost over \$900!

Some ambulance services aren't covered though, while in other circumstances some state governments provide subsidies for ambulance assistance. Check out our Health Cover Guide for full details.

How to make an Extras claim

With HIF, making an Extras claim is easy! In fact, the toughest bit is choosing from our host of convenient ways to make your claim:

- Claim on the spot with most providers simply by swiping your HIF Member card through their HICAPS eClaiming terminal
- 2. Claim online through our 24/7 Member Centre
- 3. Claim on your mobile with our HIF Member App, available for Apple and Android devices
- 4. Claim by email simply send copies of your signed claim form and receipts to claims@hif.com.au
- Claim by posting your documents to: HIF, Whadjuk Country, GPO Box X2221, Perth WA 6847.

In any case, it's quick and easy and you'll have your benefit paid in no time. To find out more and download a claim form, visit **hif.com.au/claim**

Please note:

- * Benefits are payable by HIF only for services and programs delivered by registered providers that are approved by HIF.
- * Benefits are paid by item number limits up to sub-limits/calendar limits. Call us on 1300 134 060 prior to treatment to confirm your benefits payable.

Understanding annual limits

Like most Extras health covers, there are annual limits (a limit on how much we will pay towards your claims) for most services under Super Options. These annual limits reset to the full amount on January 1 each year.

We'll also increase your annual limits on a number of services. For example, major dental benefits increase each year for the first five years of membership. Likewise, benefits and annual limits for osteo, chiro and complementary therapies will increase after three years of membership, while benefits for optical, hearing aids, speech therapy, physio and occupational therapy increase after five years.

What are waiting periods?

All health funds have to apply waiting periods. It's the only way we can protect our community of loyal members from people who would otherwise join our fund to claim large amounts, then leave.

That said, we try to keep waiting periods to a minimum. That's why, if you switch to us from another health fund, we'll honour any waiting periods already served with your previous insurer on an equivalent level of cover. You'll find all our Extras waiting periods in the following benefit table.

1 Not covered:

- Transportation from a hospital to your home, nursing home or other hospital.
- Transportation for ongoing medical treatment.
- Off road or air ambulance (e.g. plane, helicopter or boat).
- 2 Each state and territory of Australia has different ambulance arrangements. It's important to understand that in the unfortunate event you require emergency ambulance transport, Medicare won't cover the cost. However, some state governments subsidise ambulance services, and some pensioners and low income earners may also be entitled to free ambulance assistance. Please refer to our Health Cover Guide for more info on these state schemes or contact us for further details.
